Art Unit: 2816

1. The amendment filed on 11/17/06 has been received and entered in the case.

2. Claims 47-114 are rejected under 35 U.S.C. 251 as being broadened in a reissue application filed outside the two year statutory period. A claim is broader in scope than the original claims if it contains within its scope any conceivable product or process which would not have infringed the original patent. A claim is broadened if it is broader in any one respect even though it may be narrower in other respects.

Applicant should note M.P.E.P. section 1412.03 which discusses the type of claim amendments which may be made in a reissue application when it is filed more than two years after the original patent has issued.

Applicant is now claiming the combination illustrated in instant Fig. 4, whereas the claims of the original patent were all directed to the subcombination illustrated in instant Fig.

2. This constitutes an improper broadening of the scope of the original claims, i.e., it is not an error within the meaning of 35 U.S.C. 251.

Art Unit: 2816

3. Applicant's arguments with respect to claims 47-114 have been considered but are moot in view of the new ground(s) of rejection.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
